## MONTY CHAIR

18mm Futura/Eco Spectrum/Oak Décor

One of the objectives when designing the 2020 range of furniture was to minimise offcuts and produce well thought out and sustainable designs. The Monty Stacking chair epitomises this by using small shaped pieces to create the seat back. These pieces can be added to our CNC cut lists utilising as much material as possible and reducing our waste.

## MONTY CHAIR

18mm Futura/Eco Spectrum/Oak Décor

One of the objectives when designing the 2020 range of furniture was to minimise offcuts and produce well thought out and sustainable designs. The Monty Stacking chair epitomises this by using small shaped pieces to create the seat back. These pieces can be added to our CNC cut lists utilising as much material as possible and reducing our waste.
